## Biodegradable Chainsaw Oils

Environmentally Friendly Chainsaw Lubricants

Product Code: A6G

### Product Description

Pennine Biodegradable Chainsaw Oil (Medium) is a specially developed environmentally friendly chainsaw chain and cutter bar lubricant. Manufactured from vegetable derived base oils and incorporating advanced additives to ensure good anti-corrosion and adhesion properties, they are 98% biodegradable and non-phytotoxic.

### Applications

Pennine Biodegradable Chainsaw Oil can be applied to any chainsaw by hand or by auto-pump. The non scorching and biodegradable properties of these products are a great advantage in most chainsaw applications, particularly forestry and work near watercourses or environmentally sensitive areas. The low pour point of these products mean that they are suitable for use at very low temperatures.

### Typical Test Data

Product Code	A6G
Product Designation	Medium
Viscosity @ 40°C (cSt)	68
Density @ 60°F	0.93
Pour Point (°C)	-25
Phytotoxicity	Non-Toxic
Biodegradability (CEC-L-33-A-94)	98%

### Availability

Biodegradable Chainsaw Oils are available in bulk, 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

### Storage, Health & Safety

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.

Certificate Number: 9480
