FOODTECH Ultracomp Syn 46 & 150

Food Grade Synthetic Compressor Lubricant
Product Code: AVD, AVX

Product Description

Pennine *Foodtech* Ultracomp Syn fluids are premium quality food grade synthetic compressor oils designed for use in rotary screw and vane air compressors. These products are manufactured to InS H1 standard for lubricants where incidental food contact may occur. Incorporating anti-wear, anti-corrosion and oxidation inhibiting additives to enhance performance, it is ideally suited to meet the needs of rotary air compressors used in and around food manufacturing and handling areas.

Applications

Recommended for use in rotary air compressors commonly found in food and beverage plants where incidental food contact may occur. Such plants include bakeries, dairies, breweries, bottling plants, canneries, animal feed plants, food packaging manufacturing plants and a wide range of other food related areas. The Syn 46 may also be used in hydraulic systems where an ISO VG 46 hydraulic oil is required and the Syn 150 may be used in low load gearboxes where an ISO VG 150 gear or circulatory oil is required and a certain amount of rationalisation is desirable. The purity of this product also enables it to find use in air compressors in other areas where a colourless, odourless, non-toxic lubricant is required.

Typical Test Data

Foodtech Ultracomp Syn	46	150
Approval Number:	1795431	-
Product Code:	AVD	AVX
ISO Viscosity Grade	46	150
Density @ 20°C	0.83	0.85
K. V. @ 40°C cSt	48	150
Flash Point °C	260	266
Pour Point °C	-50	-44

Availability

Pennine Foodtech Ultracomp Syn 46 and 150 are available in 1000 litre IBC's, 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.
