FOODTECH Vacuum Pump Oil

Food Grade Vacuum Pump Lubricant

Product Code: AVF

Product Description

Pennine Foodtech Vacuum Pump Oil is a premium quality food grade lubricating oil designed for use in rotary vacuum pumps. The product is manufactured to InS H1 standard for lubricants where incidental food contact may occur. Having inherently good thermal and oxidation stability, good demulsability and anti-foaming properties, it is ideally suited to meet the needs of rotary vacuum pumps used in and around food manufacturing and handling areas.

Applications

Recommended for use in rotary vacuum pumps and diffusion pumps found in food and beverage plants where incidental food contact may occur. Such plants include bakeries, dairies, breweries, bottling plants, canneries, animal feed plants, food packaging manufacturing plants and a wide range of other food related areas. The purity of this product also enables it to find use in vacuum pumps in other areas where a colourless, odourless, non-toxic lubricant is required.

Typical Test Data

Foodtech Vacuum Pump Oil	
Approval Number:	1795434
Product Code:	AVF
ISO Viscosity Grade	68
Density @ 20°C	0.87
K. V. @ 40°C cSt	68
Flash Point °C	205
Pour Point °C	-12

Availability

Pennine Foodtech Vacuum Pump Oil is available in 1000 litre IBC's, 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health & Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.
