Heritage Motor Oils

Detergent Free Monograde Motor Oils

Product Code: A10, A11, A12

Product Overview

Pennine Heritage Oils are a range of products which have been designed, formulated and tested in conjunction with restorers and owners of classic cars, motorcycles, boats and steam engines. All products in the range are manufactured from the highest quality solvent refined virgin base oils blended with carefully selected premium additives providing the user with outstanding lubrication protection during periods of use and lay up.

Applications

Pennine Heritage Motor Oils are detergent free monograde oils incorporating lubricity additives ensuring outstanding lubrication at both start up and running temperatures and in areas of poor circulation. Heritage Motor Oils vastly exceed original quality requirements for vehicles not fitted with paper element full flow oil filters.

Typical Test Data

	A10	A11	A12
Engine Oil	30	40	50
SAE Classification	30	40	50
K. V. @ 40°C cSt	100	150	220
K. V. @ 100°C cSt	11.2	14.8	19.2
Viscosity Index	95	95	95
Flash Point (IP35)	225	243	249
Density @ 60°F	0.88	0.88	0.89
Pour Point	-9	-6	-6

Availability

Pennine Heritage Oils are available in 205 litre barrels, 25 litre drums, 5 litre and 1 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health & Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.
