Metacut CX

High performance Multipurpose Neat Cutting Oil

Product Code: AG0

Product Description

Pennine Metacut CX is a pale coloured, low odour, high performance multipurpose neat cutting oil specifically designed for use in modern high speed sliding head CNC lathes and multi-spindle machines. Manufactured from highly refined virgin mineral oil, the product incorporates non-staining extreme pressure additives, lubricity agents, anti-oxidant and anti-mist additives making the product suitable for the rigorous demands of modern machining techniques.

Applications

Metacut CX is suitable for a wide range of machining operations on high tensile steels, stainless steel, aluminium and its alloys and yellow metals. The light colour and anti-misting properties offer the user excellent work piece visibility along with an improved working environment and the anti-oxidant package eliminates sticky residues and lacquers forming even when employed under 24 hour "lights out" operations.

Features & Benefits

- Pale coloured ~ Excellent work piece visibility
- Excellent lubricity ~ Promotes improved tool life
- Highly effective anti mist package ~ Improved working environment
- Outstanding oxidation resistance ~ Eliminates lacquers & residues
- Low odour ~ Improved operator acceptability

Typical Test Data

Density @ 15°C	0.89
K.V. @ 40°C (cSt)	22.2
Flash Point (°C)	198

Availability

Pennine Metacut CX is available in bulk, 1000 litre IBC's, 205 litre barrels and 25 litre drums.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.
