## Penclean Safetysolve 61

Low Odour Non Flammable Degreasing Fluid  
Product Code: ATY

### Product Description

Penclean Safetysolve 61 is a specially developed blend of highly refined nonaromatic solvents providing a cold cleaning capability comparable with, and an ideal substitute for 111 Trichloroethane. It is a low odour cleaner which is not classified as flammable with no ozone depleting potential offering very good operator acceptability.

### Applications

Penclean Safetysolve 61 is ideal for the effective cleaning and degreasing of a wide range of materials, including metals, plastics, and many painted surfaces. Ideally suited to the cleaning and maintenance of electrical components, removal of protective coatings, mineral oils, carbon deposits and as a general-purpose cleaner.

This product may be used at normal ambient temperature either by manual application or by soak tank. The product may be warmed to 40°C to give even more effective cleaning in certain applications, this will also decrease the drying time.

### Availability

Penclean Safetysolve 61 is available in 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

### Storage

Store in sealed containers and avoid extremes of temperature.

### Health & Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.
