Rustguard 22 FP

Solvent Free Medium Term Corrosion Preventative

Product Code: AD8

Product Description

Pennine Rustguard 22 FP dipping oil is a specially formulated solvent free medium term rust preventative. It has a high flash point and a low odour and is suitable for use in applications where the use of a solvent containing product is not permitted for health and safety reasons. It is used as an effective, easy to apply, easily removed and economical rust proofing oil.

Applications

Rustguard 22 FP dipping oil is recommended for use in applications such as medium-term stockholding of bright steel, interim protection of components awaiting further machining or assembly, or as a rust preventative for general use in machine shops or tool rooms where an oil is required.

This product is normally applied by dip but may also be applied by brush, spray, or swab. It may be removed by the simple degreasing techniques commonly used in industry.

Typical Test Data

Appearance	Straw Coloured Mobile Liquid
K. V. @ 40°C (cSt)	22
Flash Point (°C)	>200
Film Type	Oily
Protection (Inside)	1 - 6 Months

Availability

Pennine Rustguard 22 FP Dipping Oil is available in 1000 litre IBC's, 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.
