White Oil MG 22

Pharmaceutical White Oil
Product Code: AKD

Product Description

Pennine White Oil MG 22 is a colourless, odourless and almost tasteless very highly refined mineral oil.

Applications

Primarily used in industrial processing and pharmaceutical applications where a product of this nature is desirable.

Typical Test Data

White Oil	AKD MG 22
Density @ 15°C (kg/L)	0.86
K. V. @ 40°C (cSt)	22
Flash Point (°C)	204
Pour Point (°C)	-6
Colour (Saybolt)	+30

Availability

Pennine White Oils are available in bulk, 1000 litre IBC's, 205 litre barrels, 25 litre drums and 5 litre plastic bottles.

Storage

Barrels of lubricant should always be stored in such a way that they will prevent the ingress of water when stored in the open.

Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement; we therefore reserve the right to change specifications without notice.
