Longlife Spindle Coolant Red

Ready To Use High Speed Spindle Coolant

Product Code: A8X

Product Description

Pennine Longlife Spindle Coolant Red is a ready to use high speed spindle coolant. The product offers outstanding corrosion protection in spindle coolant / chiller systems where a product of this type is specified.

Applications

Pennine Longlife Spindle Coolant Red is designed for use in spindle coolant / chiller systems and is supplied ready for use. The product provides superior corrosion protection for up to 4 years in optimal conditions and is compatible with ferrous and non-ferrous materials including aluminium where the product is inhibited against staining.

Typical Test Data

Appearance	Clear liquid, free from matter in suspension	
Colour	Pink fluorescent	
Density @ 20°C,	1.075 g/ml	ASTM D 4052
pH	7.5 – 9.0	ASTM D 1287
Freezing protection	-37°C, maximum	ASTM D 1177
Working Concentration %	Approx 50	

Availability & Storage

Pennine Longlife Spindle Coolant Red is available in 1000 litre IBC's, 205 litre barrels, 25 litre drums, 20 litre drums and 5 litre plastic bottles.

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open. Protect from frost.

Health & Safety

Please refer to the relevant Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement; we therefore reserve the right to change specifications without notice.
