## Synthetic Blend 2-Stroke Oil

Semi Synthetic Self Mix 2-Stroke Engine Oil  
Product Code: A4H

### Product Description

Pennine Synthetic Blend 2 Stroke Oil is a high performance product incorporating low ash additive technology providing low smoking performance in high performance 2-Stroke engines. The product provides excellent deposit and wear control for air cooled two stroke engines requiring lubricants meeting ISO-L-EGD and JASO FD quality and it is also suitable for water cooled two stroke engines not prone to pre-ignition.

### Applications

Recommended for use in air cooled stand-by generators, chain saws, lawn mowers and other 2 stroke engines and machinery where this type of oil is recommended including motorcycles, mopeds, scooters and small outboard motors.

### Performance Specifications

Meets the following performance specifications where applicable:  
ISO-L-EGD      JASO: FD

### Typical Test Data

Density @ 20° C	0.89
K. V. @ 40° C cSt	110
K. V @ 100° C cSt	12.8
Viscosity Index	100
Flash point ° C	245
Pour Point ° C	-10

### Availability

Pennine Synthetic Blend 2 Stroke Oil is available in 1000 litre IBC's, 205 litre barrels, 25 litre drums, 5 litre, 1 litre and 100 ml plastic bottles.

### Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

### Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement, we therefore reserve the right to change specifications without notice.
