## Vacuum Pump Oil EHV

High Quality Vacuum Pump Oil

Product Code: ABE

### Product Description

Pennine Vacuum Pump Oil EHV is a high quality lubricant manufactured from narrow cut high viscosity index solvent refined virgin base oils. It has inherently good resistance to oxidation, high flash point, good demulsability and anti-foaming properties.

### Applications

Designed specifically for use in rotary vacuum pumps and diffusion pumps.

### Typical Test Data

|                                     |      |
|-------------------------------------|------|
| Vacuum Pump Oil EHV<br>Product Code | ABE  |
| ISO Viscosity Grade                 | 100  |
| Density @ 20°C                      | 0.88 |
| K. V. @ 40°C cSt                    | 100  |
| K. V. @ 100°C cSt                   | 11.2 |
| Viscosity Index                     | 95   |
| Flash Point °C                      | 225  |
| Pour Point °C                       | -9   |

### Availability

Pennine Vacuum Pump Oil EHV is available in bulk, 1000 litre IBC's, 205 litre barrels, 25 litre drums, 5 litre and 1 litre plastic bottles.

### Storage

Barrels of lubricant should always be stored in such a way that will prevent the ingress of water when stored in the open.

### Health and Safety

Please refer to the relevant Health and Safety Data Sheet, a copy of which is freely available to all our customers.

Data represented is typical of that obtained with normal production tolerances and does not constitute a specification. The policy of Pennine Lubricants is one of continual improvement; we therefore reserve the right to change specifications without notice.
